

NEWSRAC Community Response Volunteers

Behind the scenes, a lot of people have already offered to help their neighbours and some have support from family and friends. The intention here is to provide extra support so that no-one misses out.

Below is a list of phone numbers of people who have already come forward to offer their services to anyone who needs help. Although the first thought is to cover those in the vulnerable groups having to self-isolate, anyone who needs help can pick up the phone.

You may not be able to get to the shops and need some shopping doing

You may need prescribed medicine collecting

Perhaps you have mail that needs to be sent

You are unable to walk your dog at this time

Maybe you just need a chat as it's a while since you spoke to anyone

One of the challenges of the NEWSRAC area is that it is quite large and spread-out. We have listed volunteers by area and would encourage people near the borders to contact someone not too far away.

For residents in **Ramshorn**, the suggested contacts would be in Wootton or the Wootton Road area.

For residents in **Calwich**, the suggested contacts would be in the other areas of Ellastone/Northwood.

For residents in **Stanton**, a specific approach has been developed and all contacts should be via Matthew/Ellie Elias on 07983 678383

It is not possible to know how the needs that will arise will match the spread of volunteers, or to know the availability of a volunteer on a particular day. Therefore, you can call anyone and if they are not in a position to provide the help needed, they will arrange for someone else to contact you.
